Nantes, France

10 years in Product

Open to Senior / Lead PM roles · B2B SaaS · Nantes, hybrid or remote

Senior Product Manager, **10 years in product**, in **B2B SaaS** (AB Tasty, Everysens) and enterprise settings (SNCF Connect & Tech), **engineer by training**. My specialty: **growth** for SaaS products, from onboarding to self-serve monetization. At AB Tasty, I lead the shift from a Sales-Led to a **hybrid model**: business case and roadmap with leadership, two PMs led, a self-serve funnel shipped behind a feature flag. I decide with data (**SQL, Metabase, Mixpanel**) as much as with user interviews.

Experience

AB Tasty

Nantes, France

TOTAL
3 years

Senior Growth Product Manager

May 2025 — Present · 1 year 4 months

- ☐ **Self-serve funnel shipped to production behind a feature flag**, ready to launch: public sign-up, limited freemium, Hyperline billing scoped end to end (payments, subscriptions, feature access by plan). Launch put on hold after AB Tasty's merger with VWO.
- ☐ **Business case and roadmap for the hybrid model carried to leadership**: moving from a 100% Sales-Led model to one where large accounts stay with Sales and everyone else signs up and pays on their own.

Product Manager

Sep 2023 — May 2025 · 1 year 8 months

- ☐ **+15% activation rate, -20% Time-to-Value**: reworked onboarding with a user qualification engine and a new activation journey.
- ☐ **Mandatory 2FA rolled out to 100% of the user base** in successive waves, paced so Customer Success Managers could support their clients: no activity loss, near-zero support impact.

Everysens

Nantes, France

Product Manager

Apr 2022 — Sep 2023 · 1 year 5 months

- **-50% entry time, +20% user satisfaction:** technical and functional rework of the entry module, secured with leadership and delivered incrementally, **MVP shipped in under 2 months.**
- **User adoption and data reliability as the module roadmap's priorities:** transport entry, waybill validation, real-time tracking.

SNCF Connect & Tech

Nantes, France

TOTAL

7 years 3 months

Product Manager

Oct 2021 — Apr 2022 · 6 months

- **+100% conversion rate** on the first step of ticket retrieval: journey reworked from traveler feedback collected on Twitter (daily extraction via Zapier).
- **Platform rebuilt in-house** after a first outsourced version, to smooth station boarding.

Product Manager

Sep 2020 — Apr 2022 · 1 year 7 months

- **A shared product mission and vision** for stakeholders and the marketing team, formalized and communicated.
- **2021 strategy held by OKRs:** delivery roadmap, backlog prioritization, User Stories.

Product Management Community Lead

Apr 2019 — Feb 2020 · 10 months

- Shared Product Management practice insights and ran the community's sessions.
- Workshops and exercises to help the community grow.

Junior Product Manager

Aug 2016 — Sep 2020 · 4 years 1 month

- Ran needs-gathering workshops and high-level sizing of requests from business teams, maintained the roadmap and Story Mapping.
- Wrote User Stories and associated BDD scenarios, ran Sprint Plannings.

QA

Jan 2015 — Aug 2016 · 1 year 7 months

Eurogiciel · Sigma Informatique · Virage Group

Nantes, France

Java developer, then functional analyst (IT consulting) Feb 2011 — Jan 2015 · 3 years 11 months
